#### Subject Schoolwide essential virtues

- 1. A global perspective. (ratio:50.00)
- 3. A vision for the future. (ratio:20.00)
- 5. Independent thinking. (ratio:30.00)

### Course Introduction

The goal of this course is to familiarise students with the social consequences of the transition to a market economy in China. It consists of two blocks. The first one introduces students to the economic transformation with special attention to the consequences for the selected spheres of life of Chinese people. The second block takes under scrutiny particular social issues and analyses which structures have been changing and which are more resilient.

# The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.

I. Cognitive: Emphasis upon the study of various kinds of knowledge in the cognition of the course's veracity, conception, procedures, outcomes, etc.

II. Affective: Emphasis upon the study of various kinds of knowledge in the course's appeal, morals, attitude, conviction, values, etc.

III.Psychomotor: Emphasis upon the study of the course's physical activity and technical manipulation.

| <u> </u> | manipulation.   |  |                           |                                      |  |  |  |  |
