Course Introduction	<p>This course is about cooperation among actors on the international stage with particular attention given to national actors. It consists of three parts. First, it focuses on the question of cooperation in general and in international relations in particular. It demonstrates several ways to solve the problem of cooperation. Second, it it looks at different patterns of international cooperation and inquires into the reasons standing behind their development. Finally, it surveys the Taiwan's international participation in the light of its limited space in international arena.</p>		

**The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.**
