Course Introduction	<p>International Political Economy (IPE) regards many issues, such as trade, monetary, migration, security, and business. The purpose of this course is to talk about these issues from different perspectives to students. If possible, I would like to introduce these issues with the relationship among Taiwan, China, and US as case study.</p>		

The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.
