Course Introduction	<p>The Course title tells itself. Global Economic Issues is a course to discuss the economic issues seen globally. As there are so many kinds of issues in this world, this course will focus on development, new trends of modern economy, and minority issues. Moreover, in order to be more focus and more related to Taiwan, we will invite guest speakers to give talks which use Asian countries as examples. In this semester, the students who take this course should participate in a global dialogue through the interactions with lecturers and having discussion afterwards.</p>		

The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.
