Course Introduction	<p>International organizations have become increasingly important in international affairs and global governance. In this introductory course, we will examine the origins, institutional structures, political processes, and impact of international organizations as world actors in areas of economic development, international security, trade, and humanitarian assistance. Ultimately, the overarching objective of this course is to provide students with a comprehensive toolbox that will enable them to critically evaluate the role international organizations play in world politics.</p>		

The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.
