Course Introduction	<p>Democracy and Democratization: Processes and Prospects in a Changing World, The consequences of democracy for economic development, human rights, and peaceful relations among countries are illuminated in both their positive and negative aspects. This third edition includes an entirely new chapter on the promotion of democracy from the outside which covers current issues of state building in Iraq. Further revisions include an extended discussion of the economic performance of recently democratized countries, and an evaluation of the possibilities for further democratic consolidation.</p>

1	The priority of political democratization and economic development in East Asian countries is a hot topic discussed after the Second World War. In the 21st century and in the process of globalization, the democratization of Southeast Asian countries has been strongly resisted by powerful and authoritarian rulers. Starting from the theory of political development, finally compare the future of democracy and democratization in Southeast Asian countries.	Cognitive
