Course Introduction	<p>This course is designed to lead students to understand the essentials of Macroeconomics and how it can be applied to the regular day life. The class is devoted to applications and policy rather than formal economic theory. The class tries to return to applications and policy questions, including case studies illustrating how the principles of economics are applied.</p>
----------------------------	--

The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.
