- E. Every student will display high-level competence in English.(ratio:30.00)

## Subject Schoolwide essential virtues

- 1. A global perspective. (ratio:30.00)
- 2. Information literacy. (ratio:30.00)
- 5. Independent thinking. (ratio:40.00)

# Course Introduction

The course introduces the basic concept of economics, covering the microeconomics section in 1st semester and the macroeconomics section in 2nd semester. This semester, we going to learn the economics concepts regarding Macroeconomics. For instance, how to measure an income of a nation? How to decrease the unemployment? What are the effects of printing money policy or expanding public budget on economy?

# The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.

I. Cognitive: Emphasis upon the study of various kinds of knowledge in the cognition of the course's veracity, conception, procedures, outcomes, etc.

II. Affective: Emphasis upon the study of various kinds of knowledge in the course's appeal, morals, attitude, conviction, values, etc.

III.Psychomotor: Emphasis upon the study of the course's physical activity and technical manipulation.
