Foster appreciation for Taiwan and Asia-Pacific economic development.(ratio:30.00)			
Subject Schoolwide essential virtues			
1. A global perspective. (ratio:40.00) 3. A vision for the future. (ratio:30.00) 5. Independent thinking. (ratio:30.00)			

Course Introduction	This course is designed to introduce some of the different theories of International Political Economy (IPE) to graduate students, and to use that knowledge to discuss the economic development of the different countries in the Asia-Pacific. For the past few decades, the countries in East Asia have been the admiration of many due to their impressive economic growth, this course will also approach those study cases from different IPE theoretical perspectives.			
The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.				
Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.
