Course Introduction	<p>This course is designed to familiarize the students in social sciences with the sub-field of comparative politics. Starting from its origins and development, each session is thought to deal with different theoretical approaches and concepts useful in the study of politics in both the developed and developing world. The sessions will stress the importance of critical thinking and discussion, so students will be able to nurture the theoretical framework in their future research on the Asia-Pacific Region.</p>
----------------------------	---

The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.

- I. Cognitive : Emphasis upon the study of various kinds of knowledge in the cognition of the course's veracity, conception, procedures, outcomes, etc.
- II. Affective : Emphasis upon the study of various kinds of knowledge in the course's appeal, morals, attitude, conviction, values, etc.
- III. Psychomotor: Emphasis upon the study of the course's physical activity and technical manipulation.

No.	Teaching Objectives	objective methods
1	Upon completion of this course, the student should have been able to distinguish some of the major topics and trends in the sub-field of comparative politics, strengthening their skills to identify the more suitable approaches to study the different phenomena in the sociopolitical sphere, particularly applied to the case of Taiwan and the Asia-Pacific region.	Cognitive

The correspondences of teaching objectives : core competences, essential virtues, teaching methods, and assessment
