Course Introduction	Classes designated as EXPLORING AND IMPLEMENTING SOCIAL ISSUES and independent tutorials taken as such reveal how and why academic findings, theories, and even technological or medical discoveries are challenged and even refuted by the lived experiences and cultural proscriptions of communities different from the larger Taiwanese mainstream. This course emphasizes on identifying community-based, field-based, and/or activity-based learning.
---------------------	---

**The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.**

Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.
