	1					
	Course	Classes designated as EXPLORING AND IMPLEMENTING SOCIAL ISSUES and independent tutorials taken as such reveal how and why academic findings, theories, and even technological or medical discoveries are challenged, and even refuted by the lived experiences and cultural proscriptions of communities different from the larger Taiwanese mainstream. This course emphasizes on identifying community-based, field-based, and/or activity-based learning.				
The correspondences between the course's instructional objectives and the cognitive, affective, and psychomotor objectives.         Differentiate the various objective methods among the cognitive, affective and psychomotor domains of the course's instructional objectives.         I. Cognitive : Emphasis upon the study of various kinds of knowledge in the cognition of the course's veracity, conception, procedures, outcomes, etc.         II.Affective : Emphasis upon the study of various kinds of knowledge in the course's appeal, morals, attitude, conviction, values, etc.         III.Psychomotor: Emphasis upon the study of the course's physical activity and technical manipulation.						
No.			objective methods			
	and learning	nts should be more concerning about the social problems Co ing to observe social issues from different perspectives participating various designated activities.			Cognitive
